4.0 NOTE:

Kindly note that this document is aimed at promoting unity, love, peace, and mutual respect amongst the AFSS '07 SET. The contents are aimed at fostering a respectful, inclusive, and productive environment for all members.

Additionally, from time to time or as the need arises, this document would be modified by the group to better unite us as a set.

AFSS '07 SET DRAFT PROPOSAL ON GUIDELINES

5.0 INTRODUCTION:

As like in every organization that is built on a solid foundation, there is a need for us to regulate our conduct in such a manner that would promote respect, discipline, inclusivity, equality, and above all, ensure our togetherness. These regulations aim to foster a respectful, inclusive, and productive environment for all members.

To this end, the committee came up with various proposed sections to submit to the general group for opinions, observations, suggestions, and reservations. This approach ensures that every current member of the group is involved in the development of these regulations.

It is pertinent to state that no such power would be given to any individual to act as they wish. Instead, we must all agree on how we want to move forward in unity, with mutual respect across the board.

This document outlines proposed regulations for member conduct within the AFSS '07 SET group. These regulations aim to foster a respectful, inclusive, and productive environment for all members. By establishing a clear framework, we ensure that all members understand and adhere to the principles and values that define the group.

6.0 PURPOSE:

The purpose of this document is to:

- Encourage positive relationship among members.
- Promote respect, peace, love and unity in our diversity.
- Encourage a harmonious and productive environment.
- Manage conflicts positively in a matured manner.

7.0 SCOPE:

This document applies to all current and future members of the AFSS '07 SET group, including active participants, moderators, and administrative members. It covers all interactions within group platforms and any events or communications associated with the group.

8.0 REGULATIONS:

Ladies and gentlemen let's make this an Oblee Community

8.1 Respect, Positivity, and Conduct:

To ensure our group remains a positive and enjoyable space for everyone, let's agree to:

- Treat each other with kindness, respect, and courtesy.
- Keep our conversations positive, constructive, and uplifting.

- Use respectful humour and be considerate of others.
- Apologize when we unintentionally offend someone.
- Address conflicts in a proactive and constructive way.

8.2 Controversial Topics:

When discussing sensitive topics like politics and religion, let us be mindful of our fellow group members. Here's how we can make sure everyone feels welcomed:

- Respect each other's differences.
- Let us avoid using strong languages that might offend.
- Let us keep our focus on having constructive conversations which we can learn from, rather than having a debate of egos.
- Let's endeavour to keep the vibe positive and supportive.

8.3 Relevance and Spamming:

Ladies and Gentlemen, let us catch up and make some new memories together! Here is what we would love to explore in our group discussions:

- Reuniting with old friends and making newer ones.
- Sharing favourite memories and stories from our time together as students.
- Let us rekindle that special teenage spirit and sense of belonging that makes our community so unique.
- Let us keep the conversation light, fun, and focused on reconnecting.

8.4 Language and Etiquette:

- Let us create a positive and inclusive environment where everyone feels comfortable sharing their thoughts.
- Let us use respectful and encouraging language, even during discussions where we have different viewpoints.

8.5 Confidentiality

- Respect the privacy of all members.
- Do not share personal information or group discussions outside the group without explicit consent.
- Violations of confidentiality may lead to immediate disciplinary action.

8.6 Conflict Resolution:

As it concerns resolution of conflicts, let us keep in mind that conflicts are a part of human existence. We really cannot do without conflicts. However, we can become better from our conflicts. Accordingly, whenever conflict arises, let us agree to follow these steps:

- Our Chief Whip (or designated representative) will try to resolve the issue with the parties concerned at an individual level.
- Conflicting parties would be encouraged to work together to find a resolution.
- If necessary, the Chief Whip will bring the issue to the group for discussion and resolution.
- Together, we will decide on the best course of action.
- In cases of aggravated conflicts, concerned parties may be asked to take a temporary break from the group particularly when all avenues to resolve such conflicts have failed. This will give the parties concerned time to get over the situation and be away from the pressure that may arise on the group. This option would be decided by a majority vote.

Above all, let us all do our part to maintain a supportive, respectful, and fun community! It is not that serious. Love lives here!
